MODULE 5 OF 5

Duration 3 learning hours

Language English

Price US\$150

Credits 3

Course code EIC-5

**Author:** GUILLERMO C. JIMENEZ

## Target audience

The ICC Academy Export/Import Certificate (EIC) provides knowledge to a broad audience of international trade professionals—such as export and import managers, trade finance bankers, forwarders and carriers, customs brokers, private and government inspectors and auditors, insurance providers, trade lawyers and trade promotion executives.

The EIC is all you need in order to succeed in international markets. This easy-to-understand introduction to international trade is at the same time a detailed handbook for the experienced practitioner

## Course objectives

This course will begin by describing why many companies begin their international operations reactively as a response to various economic or political factors. There are three key themes this course will aim to address: 1) successfully adapting a strategy in foreign markets, 2) how business failures due to miscommunication arise from cultural differences, and 3) understanding the evolving nature of fair trade in today's global marketplace.

This course will also cover how the integration of information and communication technologies (ICTs) into business operations is creating new opportunities (and challenges) for global companies. It will close out with a focus in intellectual property protection and how to expand globally via licensing and franchising.

## Course outline

- Lesson 1 Market Entry and Research Strategies
